KK-WI -4500I-Dyl

KK-WI -4500I is a specially designed weighbridge application intelligent terminal for digital loadcells. Use of pre-calibrated digital loadcells enable fast installation, service support thus increasing overall productivity and reduction in downtime. Features of weighing, data processing, saving, printing makes it a stand-alone utility for public and industrial weighbridges. KK-WI -4500I is robust in nature to withstand harsh environmental conditions. It can operate reliably over a wide temperature range and also in humid weather.

4500i Features

- Available to work with pre-calibrated Appalto/Keli DLC's
- Fraud free - input signal from DLC is in digital form, thus manipulation is not possible
- No need of manual cornering using trimpots & calibration with test weights
- Automatic fault diagnosis with warning of particular DLC
- Long Distance between weighbridge room and structure
- Lower division size can be obtained, leading to higher accuracy of scale
- Special OEM specific DLC interlocking
- Working with zemic/ ningbo/ thames side/ flintec or other DLC's (OPTIONAL), features may vary in IIT for these DLC's

Encrypted Dynamic Lock
provision for enhanced
protection against
unauthorized access to
SETTINGS

Features

- Sophisticated operations powered by 32 bit ARM processor
- High end protection against lightning and surge using improved SMPS
- Front mount 16 x 2 LCD display and half inch LED display
- Memory of 1 lac data records
- RS232 communication for continuous weight transmission/ modem connectivity
- Pendrive dumping to get data records in softcopy.
- Dot matrix printer connectivity using centronics / USB port
- USB keyboard connectivity
- Simple process for weighments of Tare/ Gross Vehicle weights
- 10 entries in ticket for 25 characters each
- Field settable header, footer, signature lines
- Facility to view/print earlier saved records according to RST no/ Vehicle no
- Net weight printing in words
- Multiple report options
- Dynamic pre-printed setting
- Easy installation setup and its restorable backup into pen drive
- Engineer login for security
- Multiple SMS features for ease of weighbridge owners and clients
- Grain market application feature of Rate, Amount, Binding material deduction
- 4 Code banks with flexibility of settings
- Vehicle type codification for standard weighment charges
- Various features for OEM branding & control

Applications

- ① Public Weighbridges
- ② Industrial Weighbridges
- ③ Toll Ways

Peripheral

Optional Features

- GST taxation feature
- Operator logins for 5 operators
- Confidential weighment, to trap unweighed passing vehicles
- Print on selective models of Laser printer
- GLCD Display
- Daily Email feature
